BEYOND TRACEABILITY

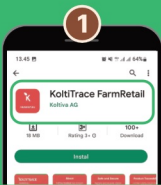

# KOLTITRACE

## MIS FARMRETAIL

KoltiTrace FarmRetail is a mobile application connecting agri-input shop owners with producers, agri-input suppliers and distributors. FarmRetail comes with useful features for developing and monitoring your agri-input shop growth.

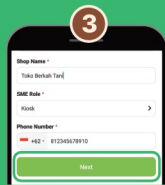

## Sign Up to FarmRetail with These 6 Easy Steps

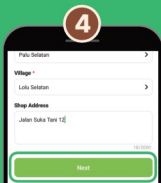

Download **FarmRetail** from Play Store.

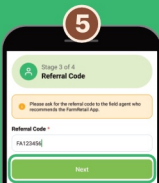

Open **FarmRetail** in your smartphone.

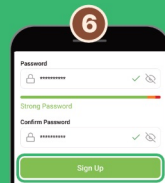

Fill out your personal information details, then click **'Next'**.

Fill out your location details, then click **'Next'**.

Enter the referral code you received from Koltiva's Field Agent, then click **'Next'**.

Create your password, then click **'Sign Up'**.

# FarmRetail's Benefits for Agri-Input Shop Owners

## Easy Access to High-quality Agri Inputs

Agri-input shop owners are connected to registered agri-input suppliers and interact easily through FarmRetail.

## Safe Financial Transaction

Paying electricity bills, phone credits, and mobile data, and receiving payments from producers to receiving agri-input payments from suppliers are easier with KoltiPay.

## Integrated with KoltiPay

KoltiPay is now available in FarmRetail

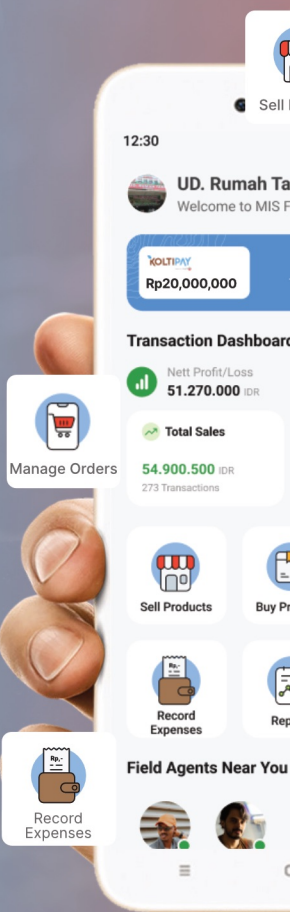

The profit from the transaction goes directly into the KoltiPay balances of agri-input shop owners.

KoltiPay's balances can be used to buy phone credits, mobile data, and electricity bills/BPJS.

Access your history of transactions anywhere in FarmRetail.

## Manage All Business Activities

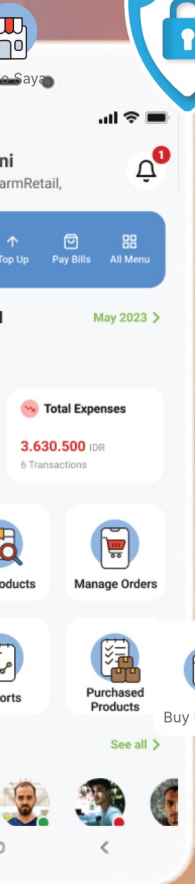

Access all transaction reports, stocks, and assets of products and your customers with FarmRetail.

## Access to Digital Trading

Agri-input shop owners are connected to producers and nearby agri-input suppliers, making it easier to sell agri-input via bank transfer and KoltiPay.

### Safe Transaction Convenient Payment

Save the transaction profit without going to the bank. Half of the profit can be received in cash.

Supported by Koltiva's customer service, we are here to help solve any challenges our customers may face.

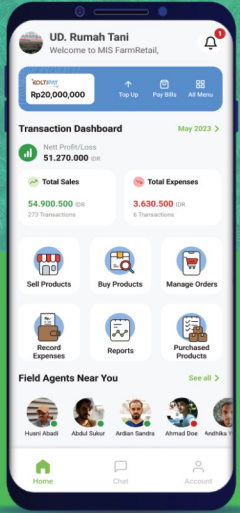

Go cashless!
